Minimum credit hours required for graduation is 120. Prerequisites or enrollment restrictions may apply to some courses. Consult the undergraduate course catalog or the timetable of classes.

**Degree Core Requirements (21 credits)**
- FREC 2214 Introduction to Land and Field Measurements* (3 credits)
- FREC 2314 Forest Biology and Dendrology* (2 credits)
- FREC 2324 Dendrology Laboratory (1 credit)
- FREC 2614 Human-Environment Systems (3 credits)
- FREC 3524 Environmental Interpretation* (3 credits) or COMM 2004 Public Speaking (3 credits)
- FREC 4014 (NR 4014) Natural Resources Economics* (3 credits)
- FREC 4114 Information Technologies for Natural Resources Management* (3 credits)
- FREC 4434 Natural Resource Policy* (3 credits)

**Environmental Informatics Major Requirements – (36 credits)**

*Computational Requirements (27 credits – complete all)*
- BIT 3424 Introduction to Business Analytics Modeling* (3 credits)
- BIT 4514 Database Technology for Business* (3 credits)
- BIT 4524 Systems Development* (3 credits)
- FREC 1004 (GEOG 1084) Digital Planet (3 credits)
- FREC 1044 Introduction to Environmental Informatics (3 credits)
- FREC 3004 Environmental Informatics (3 credits)
- FREC 4214 Forest Photogrammetry and Spatial Data Processing (3 credits)
- FREC 4444 Integrated Forest Management Practicum (3 credits)
- STAT 3615 Biological Statistics* (3 credits)

*Computer Programming Requirement (3 credits – choose one)*
- CS 1044 Introduction to Programming in C (3 credits)
  - or CS 1064 Introduction to Programming in Python (3 credits)
  - or CS 1114 Introduction to Software Design (3 credits)

*Data Management Requirement (3 credits – choose one)*
- CMDA 2014 Data Matter* (3 credits)
  - or STAT 2524 Data Science* (3 credits)

*Ecological Requirement (3 credits – complete all)*
- FREC 2004 Forest Ecosystems (3 credits)

*Course may have prerequisites, corequisites, or other restrictions. Consult Course Catalog for details.*
Curriculum for Liberal Education Requirements (36 credits)

Area 1: Writing and Discourse (6 credits)
___ Approved CLE Area 1 course: ________________________
___ Approved CLE Area 1 course: ________________________

Area 2: Ideas, Cultural Traditions, and Values (6 credits)
___ Approved CLE Area 2 course: ________________________
___ Approved CLE Area 2 course: ________________________

Area 3: Society and Human Behavior (6 credits)
___ AAEC 1005 Economics of Food & Fiber Systems or ECON 2005 Principles of Economics (3 credits)
___ Approved CLE Area 3 course: ________________________

Area 4: Scientific Reasoning and Discovery (8 credits)
___ BIOL 1105 Principles of Biology (3 credits)
___ BIOL 1115 Principles of Biology Laboratory* (1 credit)
___ BIOL 1106 Principles of Biology (3 credits)
___ BIOL 1116 Principles of Biology Laboratory* (1 credit)

Area 5: Quantitative and Symbolic Reasoning (6 credits)
___ MATH 1025 Elementary Calculus or MATH 1225 Calculus of a Single Variable or MATH 1525 Elementary Calculus with Matrices (3 or 4 credits)
___ MATH 1026 Elementary Calculus or MATH 1226 Calculus of a Single Variable or MATH 1526 Elementary Calculus with Matrices (3 or 4 credits)

Area 6: Creativity and Aesthetic Experience (1 credit)
___ Approved CLE Area 6 course: ________________________

Area 7: Critical Issues in a Global Context (3 credits)
___ Approved CLE Area 7 course: ________________________

Free Electives – 27 credits

________________________________________________________________________
________________________________________________________________________

*Course may have prerequisites, corequisites, or other restrictions. Consult Course Catalog for details.
ENVIRONMENTAL INFORMATICS NOTES

1. **Satisfactory Progress:** By the end of the semester in which the student has attempted 60 hours (including transfer, advanced placement, advanced standing, and credit by examination), "satisfactory progress" towards a B.S. degree in the College of Natural Resources and Environment will include the following minimum criteria:
   - Having an in-major and overall grade point average (GPA) of at least 2.0.
   - Passing at least 24 semester credits that apply to the Curriculum for Liberal Education (CLE).
   - Passing the following courses, or their equivalents: BIOL 1105, 1106 and 1115, 1116; MATH 1025, 1225, or 1525.

2. **Foreign Language Requirement:** A sequence of two (2) foreign language courses is required for graduation unless two (2) high school credits of the same foreign language or six (6) transfer credit hours of foreign language have been earned. These credits do not count toward graduation. See catalog section on "Graduation Requirements."

3. **Policy on Student Exchanges:** Studying overseas or at another U.S. university is a wonderful opportunity to enhance your education. However, planning for an exchange should begin at least 9 months prior to leaving. This will allow time to determine what substitutions, if any, will be allowed and time to arrange your schedule at Virginia Tech to ensure that all requirements for graduation are met. You must complete an Exchange Program checklist (available in 138 Cheatham Hall) and obtain the required signatures before beginning the exchange program.

4. **In-major GPA Computation:** All degree core and computational major requirements will factor into the in-major GPA.

5. **Curriculum Planning:** Students should plan early with their advisors to determine appropriate sequences for their courses. Some courses must be taken in sequence to satisfy prerequisites.

6. **Degree Requirements:** An in-major and overall GPA of 2.0 is required for graduation. Minimum hours for degree is 120.

7. In accordance with university guidelines, courses satisfying degree core requirements may not be double counted to satisfy other areas of a degree (e.g. CLE).

8. Some of the listed courses have prerequisites, corequisites, or other restrictions. Be sure to consult with the University Catalog or check with your advisor.
