Recommendations for Second Reading

FOR 2124, Forests, Society, & Climate: the Area 7 subcommittee, having reviewed this proposal, moved approval of its inclusion in Area 7 of the CLE; motion was approved unanimously. As the proposal called for an effective date of Fall 2011 but will not be through governance before the Spring 2012 semester, it was moved and seconded that the course apply retroactively for students enrolled during Spring 2012.

4. Operations Subcommittee business - the operations subcommittee reported that the letter describing its recommendations for the relationship between the UCCLE and the Director of the CLE has been sent to Dr. Wubah.

5. Objectives Subcommittee business - the objectives subcommittee presented a draft of revised goals and outcomes for the CLE and requested feedback from the full committee. Members discussed including a separate goal focused on lifelong learning but decided it was implicit in the other goals. The Director plans to discuss the draft with the associate deans for undergraduate academic affairs at their next meeting.

6. Selection of a vice-chair - members of the committee discussed possible candidates for the position of vice chair.

7. Adjournment – the committee adjourned at 3:10
