OPERATIONS AND SUPPLY CHAIN MANAGEMENT OPTION COURSES

- # BIT 3454 Business Process Improvement
- # BIT 3464 Enterprise Planning & Control Systems
- # BIT 4464 Advanced Supply Chain Management
- # BIT 4474 Global Operations & Information Technology
- # BIT4484 Project Management

GENERAL INFORMATION

This checksheet applies to students completing their degrees in calendar year 2018 in the terms ending May, June, August, or December. A total of 125 semester hours is required for graduation. Any exceptions to this curriculum must be approved by the student's Department Head and the Pamplin College of Business Associate Dean for Undergraduate Programs.

Transferring courses: At least 50% of all Business credits taken in ACIS, BIT, FIN, HTM, MGT, or MKTG required for the degree must be taken at Virginia Tech. Additional requirements and procedures for transferring courses are available in the University Catalog and the Pamplin College of Business form, "Authorization to Take Courses Elsewhere."

Overall and In-Major GPA: Students must have an overall GPA of at least a 2.0 and an in-major GPA of at least a 2.0 to graduate. Courses used to calculate the in-major GPA are noted with a # (e.g., #BIT 3424).

Language Requirement: See "Entrance Requirements," University Catalog. College-level foreign language credit used to meet this requirement may not be used to satisfy the minimum number of credits required by the degree.

Satisfactory Progress: BIT is a restricted major. In order to enter the major, students must have completed ACIS 1504, ECON 2005, MATH 1525, and MATH 1526 with a minimum GPA of 2.5. Students must have a minimum 2.5 GPA in all ACIS, ECON, and BIT lower division courses. Students must have completed one complete semester in ACIS, ECON, FIN, MGT or MKTG if previously transferred into these majors. Applicants must have a minimum 2.0 GPA overall and are considered on a competitive GPA and space available basis. Once admitted to the major, students having attempted 72 semester hours (including transfer, advanced placement, advanced standing, credit by examination, and course withdrawal hours) must maintain an overall GPA of 2.0 or better and an in-major GPA of 2.0 or better (in-major credits are indicated by the # on the departmental checksheet). Any student whose GPA falls below this standard will have one semester to regain an overall and in-major GPA of 2.0 or better. Failing to achieve this standard for any two semesters will result in the student being asked to leave the major and having his/her registration blocked until he/she files a change of major.

FOOTNOTES

- ¹ Satisfactory progress toward a degree: Upon having attempted 72 semester credits (students who entered Pamplin as freshmen), or 90 semester credits (students who transferred into Pamplin), a student must: (1) achieve no grade lower than a C- in Math 1525 and 1526 (or acceptable equivalents); ACIS 1504, 2115, and 2116; BIT 2405 and 2406; ECON 2005 and 2006, and (2) achieve a minimum GPA of 2.0 in the combination of courses previously listed. Students who have not met the requirements will be notified upon reaching 60 credits (or 72 credits for transfer students) that they have one semester of enrollment (fall or spring) to rectify any deficiencies. Failing to do so will result in a student being required to transfer to another college at Virginia Tech. This policy is strictly enforced.
- ² A student must achieve no grade lower than a C- in the upper level core business courses (BIT 3414, FIN 3054 or FIN 3074, FIN 3104, MGT 3304, MGT 4394, and MKTG 3104). A grade of C- or better must be earned in BIT 3414, FIN 3104, MGT 3304, and MKTG 3104 before taking MGT 4394. FIN 3054 or FIN 3074 may be taken at the same time as MGT 4394; however, the student must earn the specified grade or repeat the course and earn a C- or better before a business degree can be earned.
- ³ Social science courses should be selected from any courses in Economics (beyond Principles), Geography, History (except 1024, 1025, 1026, and 2054), International Studies, Political Science (except 3015-3016), Psychology, and Sociology; or any course approved for Area 3 of the Curriculum for Liberal Education.
- ⁴ COMM 2004 Public Speaking is required for all Business majors who did not take COMM 1015-1016. It may be completed in the sophomore, junior or senior year.
- ⁵ Free electives must include at least one hour from the Curriculum for Liberal Education Area 6: Creativity and Aesthetic Experience. The Curriculum for Liberal Education Area 7: Critical Issues in A Global Context, may be used to meet another requirement or taken as a free elective.
- ⁶ Equivalent Math courses may be substituted. Completes the Curriculum for Liberal Education requirement in Area 5: Quantitative and Symbolic Reasoning.
